

OBJECTIVES:

- Improve the safety and quality of patient care in the Inpatient and Outpatient Rehab environments.
- Identify and share best practices across the continuum of care and apply them to the Inpatient and Outpatient Rehab environments.
- Review the current and future legislative/regulatory environment of Safety and Quality in healthcare.
- Gain access to practical tools and resources that will improve Safety and Quality in your organization.

DISCLOSURE

Penn State College of Medicine is committed to offering CME programs that promote improvements or quality in health care and are developed free of the control of commercial interests. Reasonable efforts have been taken to ensure that our programs are balanced, independent, objective, scientific, and in compliance with regulatory requirements. Faculty and course directors have disclosed all relevant financial relationships with commercial companies, and Penn State has a process in place to resolve any conflict of interest. Disclosure of a relationship is not intended to suggest or condone bias in a presentation, but is made to provide participants with information that might be of potential importance to their evaluation of a presentation.

Devices or drugs that are still undergoing clinical trials should not be portrayed as standard, accepted therapy. Please consult full prescribing information before using any product mentioned in this activity. If using products in an investigational, off-label manner, it is the responsibility of the prescribing physician to monitor the medical literature to determine recommended dosages and uses of the drugs.

The information presented at this CME program represents the views and opinions of the individual presenters, and does not constitute the opinion or endorsement of, or promotion by, Penn State College of Medicine. Each participant must use his/her personal and professional judgment when considering further application of this information, particularly as it may relate to patient diagnostic or treatment decisions including, without limitation, FDA-approved uses and any off-label uses.

The following speakers disclose:

A.M. Barrett, MD, FAAN, FASNR, FANA

Research Grant: DART Neuroscience, LLC; SPR Therapeutics

Gretchen March, BS, OTR/L

Speakers Bureau: Bioness

Teresa Hayes, MSW, LICSW
